

# João Paulo Ferreira Neto

FRONT-END ENGINEER

## SUMMARY

I am a person who never gets tired of seeking new knowledge, I am always willing to listen and learn from other people. Being a professional who likes what he does and with that I seek to become better and more efficient. I value soft skills more than hard skills because they are more difficult to obtain. I also like to share my knowledge and be what I needed when I was in the beginning.

## PERSONAL DETAILS
